Announcement for all Protective Mothers

Announcement for all Protective Mothers

Due to recent revelations by Janice Levinson and Lundy Bancroft of Protective Mother's Alliance, as a contributor to this blog, I hereby denounce JL, LB and PMA. I do not support either of them, the organization with which they are affiliated, and in fact do believe by Levinson's recent actions that both are needlessly and shamelessly throwing TRUE victims of horrendous abuse under the proverbial bus. If you decide to align with either Levinson or Bancroft, please do so with caution.

Any cause, is good when always -- in all that you do, you maintain your honor, dignity and self respect. Life's guiding tool. I learned this from my **Romanian grandmother and Father who survived the death camps in Auschwitz and then Dachau -- when finally they were liberated by the US - my grandfather - 2nd wave of Normandy.** The reason I exist is because of the way humanity works when the heart is in the right place.

We can learn about ourselves all throughout history. I encourage this as it is besides being interesting, it is repeated. I have had to learn that by abiding to the simple human rights of humanity that **we can, or will, 'Rise a Nation' in a good cause, or even at minimum, because this is the good battle, the high road, the ultimate justice.**

I watched a very good miniseries today, **World Without End.** Throughout it, I kept thinking of 'the very notable parallels' of the sudden 180 turn by Bill on so many people, and in doing so, the use of my website to 'hide behind for 'his own' actions.

Throughout my almost two decades of being involved in a inhumane civil society that **rewards for 'criminal violence'** and continues to perpetrate atrocious human rights violations against any people, usually a 'category' of people -- in what I do and with the countless mothers I have personally worked with -- is a 'category' of people, a holocaustic hatred towards mothers and their children when they try to regain their Human Rights to be free of torture -- only to be tortured further by their tormentor in yet **One More Battleground** of an already full arsenal. Family Court.

I do not usually 'feed' into those who are so driven with all their time, to try to hurt a 'category' of already oppressed people. Real humans know this, so no words are needed, those who do not, no words are adequate. Besides, quite simply, I don't do drama.

In order to carry on -- although Bill has hurt so many through black mail, coercion and has threatened the safety of so many mothers and their children by sharing their intimate and confidential information on the non real world of face book -- a dangerous place anyways, because 'he thinks' something - and his excuse for 'his' own actions and behavior is to 'hide' behind American Mothers Political Party website (AMPP). I would ask, "Why would someone do this?" However, I long ago stopped asking that and worrying about those types of people who feed on the frailty of vulnerable people.

So with that, I will simply state that American Mothers Political Party (AMPP) and I -- are one in the same. My 1st and last (and imo to much) but if it will cease your obsession of endangering mothers or any one for that matter, my statement (*and I am being nice - most get a 'two word' statement from me when they act like you have*)

I, Claudine Dombrowski or AMPP (again only I am AMPP) state that everything you Bill have said about AMPP is and has been and likely to remain "intentionally distorted and inaccurate." Let the record be clear, **I, and I alone maintain the website** www.AmericanMothers.PoliticalParty.org Bill, you know this -- and always have.

Bill, I have not threatened you, I have not, nor do I have the power to stop your goal. No copy right violations (I do know them, just ask PBS). I had thought, the

Time's Up

Bill, I have not threatened you, I have not, nor do I have the power to stop your goal. No copy right violations (I do know them, just ask PBS). I had thought, the concept of LA was a good idea, is why it saddened me (when, although I have broad shoulders) that you systematically began removing mothers who have been 'battered' by the fathers of their children, in horrendous ways, because you - 'gave them' (bill almighty) a chance to disengage with American Mothers Political Party or to 'tell' their side of story, wow!! Talk about demanding and classic black mail - and you do, hold that power - 'control' of fear over them with their personal, sensitive and life threatening information, entrusted to you, a power which you have misused and freely wield.

You see, I need no public support, the truth is self-sustained. I will not hurt others to prop myself up. I will not alter, nor publish or intimidate others so basically I just ignore you. As I have with others like you throughout the last two decades, as I am sure will be others in the next two decades. I will not drop everything because you or any other 'demands' it. I will not defend myself against ignorance or 'play' into the need for self absorption.

I will not engage in your feeding frenzy obsession and with American Mothers Political Party as simply, I try to spend my energy doing what I always have, keeping my energy focused on the positive and future real change, for all - as well with a 'special' heart held dream of freedom for that 'category' of people - battered mothers and their children.

Anyone with any inclination, can research easily, any ones ignorance towards these mothers and the issues surrounding them. For those who do not, no amount of dialogue is possible to change their mind, nor their narcissistic - attention seeking behaviors.

So perhaps, maybe you can come back down to reality and realize that all the good you have

So perhaps, maybe you can come back down to reality and realize that all the good you have done you are destroying - hiding behind the 'hatred of myself and my website American Mothers Political Party'. I have always told mothers, fathers and grandparents and cps victims that there is no 'messiah' or any -one sure way to regain so many freedoms lost on top of the already human rights freedoms that Domestic Violence Victims have and continue to endure. It's just not important to society, dead women and children, terror and fear of those - perpetrated by their most intimate partner, lover and at one time friend. It is a terror a betrayal that is more than just a crime. Simple Human rights. I have not looked today what fear and terror you have stricken in others in the name of yourself, behind the skirt of American Mothers Political Party, but from a email post that you say you received (although was meant for me/ AMPP) and the oddly twisted cognitive thought process to assume that out of that email you deduce 'your own' manner of what you think/
